

Clarinet

model C1 / Tiger

The **C1 model** is a clarinet pitched in C (low register) with 3 keys, developed from the chameleon in C. The fingering is similar to the recorder to make it easier for beginners. It comes with a special mouthpiece for a shortened Bb reed.

C1

C1T

model C1 B / Tiger

The **C1 B model** is like the C 1 with approached Boehm fingering

model C2 plus / Tiger

The **C2 plus model** clarinet is pitched in C with a German-system mechanism adapted for children. The easy response, full sound and good tuning across the twelfths make it appealing to players. It comes with a Zinner C mouthpiece and uses a standard Bb reed.

model C2 B / Tiger

The **C2 B** is like the C2 model with a Boehm system.
